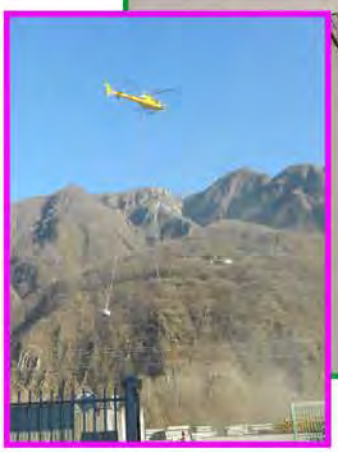
多摩花岗岩公司 - 意大利

自己的采石场　　自然的石块

意大利多摩花岗岩公司（Domo Graniti ）自1976年起开始从事石材的开采加工业务，因拥有自己的优质采石场和高质量的石材产品而名声远扬。

在采石场进行的工作主要是原石的开采及锯切成块；在位于意大利北部的特龙塔诺（Trontano）的工厂里，再运用现代化的石材加工设备对石块进行进一步的加工。根据石板的尺寸、厚度的不同，可提供原石，也可提供经过喷沙、抛光、锤敲、火焰喷射、磨刷等加工方法加工后的石材

DOMO GRA



TI ITALY

DOMO GRANITI has been active in the natural stone business since 1976.

The production cycle starts with the extraction of blocks in its own quarries and ends with the cutting, processing and finishing of slabs.
The quarrying process begins by cutting rock walls with the use of the newest technology.
The cutting and processing of slabs is carried out in the plant located in Trontano, Italy, with modern and precise machines.
The slabs are carefully selected, supplied in different thicknesses, with different processings on the surface.
Natural stone from DOMO GRANITI can easily become part of every environmental context, adding solidity, value and elegance.

DOMO GRANITI is internationally acclaimed for its dedication and reliability in the field of natural stone quarrying and processing.
